## 2025

*Pioneering Innovations in Space technology:  
India's Journey towards Global Partnership*

25-27 June, 2025 | Le Meridien, New Delhi, India

# ABOUT INDIA SPACE CONGRESS (ISC)

The India Space Congress (ISC), launched by SIA-India in 2022, has rapidly emerged as a premier global platform driving discussions on the commercial, policy, and technological advancements in the space sector. Over the years, ISC has attracted an influential audience, including government officials, space agency leaders, industry executives, entrepreneurs, investors, researchers, and academia worldwide. As a catalyst for policy reforms, business expansion, and innovation, ISC plays a pivotal role in bridging policy and regulatory gaps, fostering cross-border collaborations, and enabling technology transfer. It supports startups, MSMEs, and deep-tech enterprises by creating a dynamic environment for investment, innovation, and industrial growth.

**ISC 2025** will focus on translating foundational G2G partnerships into tangible industry outcomes, with a strong emphasis on B2B collaborations, commercialization, and strategic alliances.

Key Discussion topics at ISC 2025 include Life Sciences in Space, Geospatial Technologies & Earth Observation, Satellite Communication & 5G/6G Integration, Defence & Dual-Use Space Technologies, AI, Quantum & Data Analytics for Space, Sustainability & Space Debris Management, Space Economy & Investment Trends, Space Policy, Regulations & Global Governance, In-Space Manufacturing & Resource Utilisation, etc.

## ISC 2025 ROADMAP

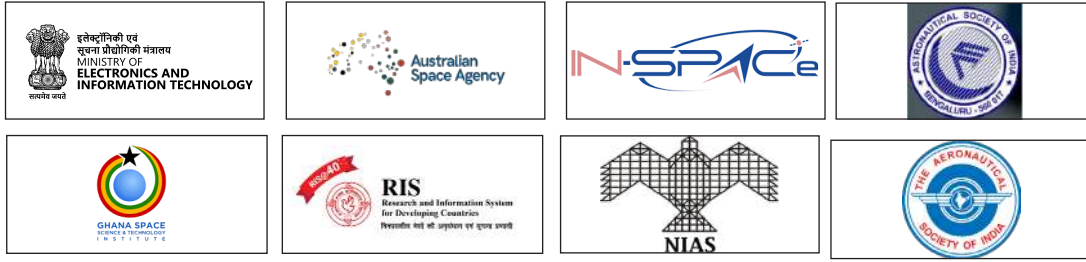

## WHO SHOULD PARTICIPATE ?

- ▶ Satellite Operators, Service Providers, and System Integrators
- ▶ Broadcasters, DTH Service Providers, and Ground Station Manufacturers & Service Providers
- ▶ Software Developers and Application Developers for Satellite-based IoT/M2M
